

Dr. Bhushan's Rejuvenation

Baner Road, Pune, Maharashtra 411045

Consent for PRP (platelet-rich plasma) therapy

Course of 6 sessions, 4 weeks apart

Patient: Ananya Deshmukh

A small amount of my blood will be drawn, processed to concentrate the platelets and injected into the scalp. Results vary and are usually seen after 3–4 sessions; maintenance sessions may be needed.

- Pain or tenderness at injection sites for 1–2 days.
- Bruising, mild swelling or headache.
- Rarely, infection at an injection site.
